Education

PhD Biotechnical Sciences

Mar 2021 - Dec 2023

University of Zagreb, Faculty of Food Technology and Biotechnology, Zagreb

During this period I worked on different extraction and encapsulation techniques of bioactive compounds derived from medicinal plants and their identification through chromatographic techniques. I graduated summa cum laude with a thesis entitled "Advanced extraction techniques and encapsulation of laurel leaf polyphenols".

Master of Dermatopharmacy and Cosmetology

Mar 2021 - Sep 2022

University of Zagreb, Faculty of Pharmacy and Biochemistry, Zagreb

During this post-graduate specialization I focused on applying bioactive compounds in cosmetics.

Master of Nutrition Science

Sep 2018 - Jul 2020

University of Zagreb, Faculty of Food Technology and Biotechnology, Zagreb

Bachelor of Nutrition Science

Sep 2015 - Sep 2018

University of Zagreb, Faculty of Food Technology and Biotechnology, Zagreb

Employment

Researcher

Oct 2024 - Present

University of Dubrovnik, Department of Applied Ecology, Dubrovnik, Croatia

I am currently a researcher working on the project "Development support of blue biorefinery in the Adriatic Sea".

Research Assistant

Oct 2020 - Aug 2024

University of Zagreb, Faculty of Food Technology and Biotechnology, Zagreb

I worked at the Department of Food Engineering, Laboratory for Chemistry and Technology of Fruits and Vegetables where I was involved in several research projects on plant derived bioactive compounds and functional food application where I developed skills in bioactive compounds' isolation, identification and quantification., as well as application in various purposes. During this time, I have coauthored 14 research papers and have performed over 30 reviews for various journals and have also been assigned as a field editor, which made me want to pursue other roles involved in the process of publication of papers.
